

ACCESS STATEMENT THE SALUTING BATTERY

Introduction:

The Saluting Battery is one of Malta's most vibrant visitor attractions where history is brought to life daily! Located high along Valletta's eastern historic ramparts it enjoys unrivalled views of the Grand Harbour and surrounding fortified towns. It is possibly the oldest saluting battery still in operation anywhere in the world. For almost 500 years, its guns protected the harbour against naval assault. Its prominent position also ensured it became the island's principal saluting platform firing gun salutes on state occasions, the marking of anniversaries and religious feasts and to greet visiting dignitaries and vessels. From the 1820's a gun was also fired at mid-day to allow Ship Masters to calibrate their chronographs on board which were used up until the early part of the 20th century to find the longitude at sea.

Following a lull of almost half-a century, this battery is back in use following an extensive restoration process by Fondazzjoni Wirt Artna - the Malta Heritage Trust - in conjunction with the Malta Tourism Authority. Its guns now sound daily at Noon (The Time Gun) and again at 4pm (The Sun Set Gun) and also to fire ceremonial salutes and mark important anniversaries in the history of the island.

The Saluting Battery also houses a collection of Historic Cannons and a collection of Artillery related Artefacts. Visitors to the Battery can also view the restored Gun Powder Magazine and the restored Side Arms Store.
